EDUCATION

Abes Institute of Technology

B.Tech in Computer Science & Engineering, CGPA: 7.5

Ghaziabad, India

2022 – 2026

EXPERIENCE

Software Developer Intern

Quale Infotech Private Limited

March 2026 – Present

Gurugram, India

- Built the frontend of an Agentic AI Workflow Platform using JointJS, React.js, and TypeScript, developing the workflow designer and user interface
- Developed key features including the toolbar, inspector panel, node configuration, and workflow canvas for creating and managing workflows
- Improved workflow execution by implementing variable handling, memory management, and data sharing between nodes, while testing and debugging platform features

Frontend Developer Intern (Remote)

Willow Wave

July 2025 – Sept 2025

Kanpur, India

- Built and deployed responsive websites & plugins using Next.js and Tailwind CSS
- Developed features like work report summaries, PDF export, and CRM interface components
- Contributed to client projects with smooth UI and state management integration

PROJECTS

Agentic AI Workflow Platform | JointJS Plus, React.js, Next.js, TypeScript, Zustand

Quale Infotech

- Built the workflow designer, including the visual canvas, node stencil, toolbar, inspector panel, and variable management system
- Currently building a TFS-style version control system with workflow versioning, history tracking, and rollback functionality

CodeFusion – Real-Time Code Collaboration App | React.js, Node.js, Express.js, Socket.io

Github | Live

- Built a real-time collaborative code editor with WebSockets & autosave
- Features include multi-user sessions, syntax highlighting, and a scalable backend

Employee Management System – Web App | React.js, Context API, Tailwind CSS, Local Storage

Github | Live

- Developed a compact employee & task management system with role-based access, task creation/forwarding, and real-time status tracking
- Integrated responsive UI with persistent state using Context API & Local Storage

CERTIFICATIONS

AWS Cloud Practitioner Essentials – AWS

Full-Stack Web Development Bootcamp – Udemy

Java Development – Softpro

Python Essentials 1 – Cisco

CSS Certification – HackerRank

TECHNICAL SKILLS

Programming: Java, JavaScript

Frontend: React.js, Next.js, TypeScript, JointJS, HTML, CSS, Tailwind CSS

Backend & APIs: Node.js, Express.js, REST APIs

Databases: MongoDB, SQL

Testing & QA: Manual Testing, SDLC/STLC, Test Case Design, Bug Tracking (JIRA)

Tools & Platforms: Git, GitHub, Vercel, Render, Figma

Core CS: Data Structures & Algorithms, OOPs, DBMS
